Collaborating with **specialist suppliers**

to ensure our customers have

access to the technology they need

Jabra GN

Elevate your communication with Jabra's audio and speaker solutions. Whether it's through state-of-the-art headsets or advanced conferencing, Jabra enables smooth communication that drives productivity and collaboration.

Lenovo

Lenovo offers a diverse range of technology products, including laptops, desktops, tablets, and smartphones. Known for reliability and cutting-edge design, Lenovo suits both personal and business needs, providing productivity and user experience.

HP provide you with a vast range of products, from high-performance laptops to stunning monitors. Put together for excellence, HP's technology increases productivity and delivers exceptional user experiences, making it the perfect choice for professionals and technology users.

Canon

Canon's versatile product range of printers enables us to cater to you. Whether it's high-quality printing solutions or cutting-edge imaging technology, Canon empowers you to achieve your goals with unmatched clarity and efficiency.

Kensington

Kensington's focus on security and ergonomics guarantees working confidently and comfortably in any environment. With Kensington's security solutions and ergonomic accessories, we can provide peace of mind and optimal efficiency.

logitech

Logitech's commitment to seamless additions and design is a perfect fit for any approach. By incorporating Logitech's state-of-the-art peripherals and collaboration tools into our offerings, we enable you to work smarter and more efficiently.

ASUS

Asus's pursuit of innovation lines up perfectly to provide you with the latest advancements in technology. From high-performance laptops to groundbreaking monitors, Asus delivers the tools you need to stay ahead in a fast-paced, productive world.

Verbatim

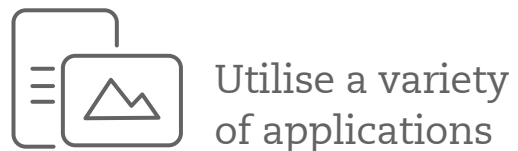

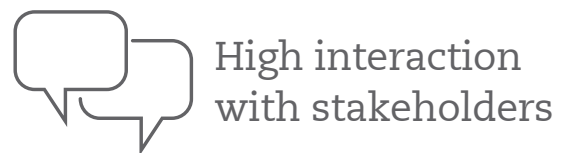

Verbatim specialises in high-quality data storage solutions and technology accessories, including the new portable monitors. Known for their durability and innovation, Verbatim products allow digital storage, while their portable monitors provide convenient, on-the-move display options for professionals and tech enthusiasts alike.

Banner is committed to partnering with leading technology suppliers to provide specialised and best-in-class solutions.

Introducing Hybrid Working

For employees working within a dynamic workspace, Banner can increase the opportunity for collaboration, supporting a working model that's a combination of both in-office and work-from-home.
