866-9552	Solid Walled Kitchen Caddy 10L Brown

Most businesses in England must now separate food waste from other rubbish streams.

This impacts workplaces and industries such as offices, retail, transport, hospitality, construction, healthcare, and more. As part of the regulation, compostable caddy liners can be used to hold food waste and be collected by waste management teams.

VFM Recycling Bin

- Strong and durable
- 50L capacity for convenient waste disposal
- Coloured lid enables simple identification

Code	Description
958-1659	VFM Recycling Bin With Lid 50 Litre Red
