

# Banner's Leading Cooling Solutions

*We recognise that providing cooling solutions in the warmer months of the year requires a considered approach that supports employee welfare, sustainability, and energy efficiency across your entire estate.*

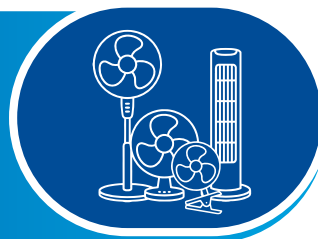

**Our comprehensive cooling fan range supports organisations of all sizes, including offices, educational institutions, healthcare facilities, custodial environments, and industrial settings.**

Whether you require desk-side fan solutions or large scale high-output cooling and heating solutions, Banner delivers a fully integrated selection designed to meet your operational and environmental requirements.

## We offer:

- Energy efficient Cooling Fans
- Dual Cool and Heat Fans
- Industrial High Wattage Fan selection

## Why Choose Banner as Your Cooling Solutions Partner?

- **Full Estate Coverage**  
From single offices to multi-site operations, we provide scalable heating and cooling solutions across your organisation.
- **Sustainability-Focused Options**  
We support your environmental goals with our highly efficient product selection featuring smart operation to reduce energy when required.
- **Compliance & Standardisation**  
Our range supports fully compliant routes to market through multiple frameworks.
- **Cost-Effective & Durable**  
Built for longevity and high-traffic environments, our products deliver long-term value.
- **One Supplier, Simplified Procurement**  
As your trusted supply partner, Banner enables you to consolidate spend, reduce supplier complexity, and streamline purchasing all through a single account.

**Overleaf is a selection of our Dual Cooling and Heat options that can be delivered directly to your sites**
