

# Introducing Cubetto: Screen-Free Coding for Early Years Learning

*A hands-on introduction to programming,  
designed specifically for younger learners.*

## Coding Made Tangible for Early Learners

**Cubetto introduces the fundamental principles of coding and computational thinking through a tangible, intuitive learning system created specifically for early years education.**

Using simple, colour coded blocks which each represent a command. Children physically build and sequence programmes without the need for screens, tablets, or written language. By inserting blocks into the control board and activating their programme, learners immediately see the outcome of their decisions as Cubetto moves and responds. This clear cause and effect interaction supports early problem solving, logical thinking, and collaborative learning.

Designed for nurseries, primary schools, and academies across the UK, Cubetto provides a safe, age appropriate introduction to foundational coding concepts. Its screen free design aligns with early years best practice and supports key areas of the Early Years Foundation Stage (EYFS), including communication, understanding the world, and expressive development.

Learning can be extended through a range of optional block sets and themed adventure packs, enabling educators to introduce new challenges, directions, and storytelling opportunities while supporting progression across early years cohorts.

### Why Schools Choose Cubetto®

- ✓ **Aligned to EYFS Outcomes**  
Supports problem solving, communication, and understanding the world through structured, play based learning.
- ✓ **Screen Free and Age Appropriate**  
Designed specifically for early years environments, supporting balanced and developmentally appropriate learning.
- ✓ **Inclusive and Accessible**  
No reading, writing, or prior technical knowledge required, enabling all learners to participate equally.
- ✓ **Built for the Classroom**  
Durable, reusable hardware designed for regular use in schools, academies, and nursery settings.
- ✓ **Scalable Long Term Investment**  
Expandable with additional block sets and adventure packs to support progression across year groups.

Ages 3 to 6

Required

# Explore the Cubetto Range

## Cubetto Interactive Wooden Robot Playset

- Wooden robot playset
- Montessori and LOGO Turtle inspired
- Contents: Cubetto robot, control panel, 16 programmable blocks, map lights and an adventure book

Code	Description
1001789	Contents: Cubetto robot, control panel, 16 programmable blocks, map lights and an adventure book

## Cubetto Directional Blocks

- Direction blocks with code
- Motor through adventures
- Many combinations of manoeuvre
- Pack contains: 4 Backward, 4 Left, 4 Right and 4 Forward coded blocks
- Total number of blocks: 16

Code	Description
1001795	Pack of 16

## Cubetto Logic Blocks

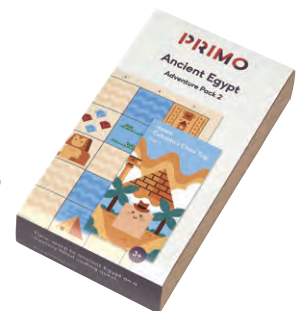

- Logic blocks with code
- Learn sequence through play
- Pack contains: 4 Negation, 4 Random and 4 Function coded blocks
- Coding blocks
- Total number of blocks: 12

Code	Description
1001796	Pack of 12

## Cubetto Ancient Egypt Adventure Map with Story Book

- Ancient Egypt adventure
- Historical educational tool
- Learning through play
- A historical journey covering the Great Pyramids, antient treasures, Sphinx mysteries and more
- Contains: Story book and adventure map

Code	Description
1001790	Contains: Story book and adventure map

## Cubetto Deep Space Adventure Map with Story Book

- Deep space adventure
- Solar system educational tool
- Learning through play
- A solar system journey covering the planets, the International Space Station and more
- Contains: Story book and adventure map

Code	Description
1001791	Contains: Story book and adventure map

## Cubetto Blue Ocean Adventure Map with Story Book

- Ocean adventure
- Earth Science educational tool
- Learning through play
- An oceanic journey covering underwater volcanoes, icebergs, treasures and more
- Contains: Story book and adventure map

Code	Description
1001792	Contains: Story book and adventure map

## Cubetto Big City Adventure Map with Story Book

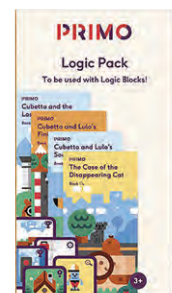

- In the heart of a Big City
- Educational tool
- Learning through play
- A journey through the city covering landmarks, skyscrapers, parks and more
- Contains: Story book and adventure map

Code	Description
1001793	Contains: Story book and adventure map

## Cubetto Logic Pack Activity Story Books and Flash Cards

- Set of books flashcards
- For use with Logic Blocks (sold separately)
- Logic educational tool
- Learning through play
- Pack contains: 4 Storybooks, 32 Illustrated Flash Cards and 1 Sticker Sheet

Code	Description
1001794	Contains: 4 Storybooks, 32 Illustrated Flash Cards and 1 Sticker Sheet
