

Catering signage & labelling

A comprehensive range of catering signage and labelling solutions to support food safety, allergen awareness, compliance, and best practice across catering environments.

Hair Protection Sign

- Mandatory blue action sign.
- Remind staff to wear hair protection to prevent physical contamination and the spread of bacteria in food.
- Material: 1.2mm Polypropylene.
- Manufactured in the UK.

Code	Description
1003249	Size: 200 x 300mm.

Safe Temperature Sign

- Visual reminder of what temperatures different types of foods must be kept at. This removes any ambiguity and saves time spent looking for manuals.
- Material: 1.2mm Polypropylene.
- Manufactured in the UK.

Code	Description
1003240	Size: 200 x 300mm.

Cooked Meat Only Sign

- Clear signage helps staff identify where cooked meat is stored, preventing cross-contamination.
- Removes ambiguity from process.
- Material: Self Adhesive Vinyl (SAV).
- Manufactured in the UK.

Code	Description
1003267	Size: 100 x 100mm

All Food Covered Sign

- An important reminder that staff must keep all food protected to prevent contamination.
- Supports HACCP compliance.
- Material: Self Adhesive Vinyl (SAV).
- Manufactured in the UK.

Code	Description
1003258	Size: 100 x 100mm.

Cross Contamination Sign

- Visual reminder of which colour board to use for which food type.
- Makes it quick and easy to identify which equipment is needed to prevent cross-contamination.
- Material: 1.2mm Polypropylene.

Code	Description
1003238	Size: 200 x 300mm.

Drinking Water Sign

- Ideal in food preparation areas, where it is important to distinguish between drinking water and water used for washing up or cleaning.
- Material: Self Adhesive Vinyl (SAV).
- Manufactured in the UK.

Code	Description
1003264	Size: 100 x 150mm.
